

# The Gift: Redemption

## Precious Gift . . . Cursed Power

*Redemption* is the third book in The Gift Legacy series.

In *Redemption*, Emelynn Taylor is targeted by a terrorist who rips her world apart. When the escalating violence spreads to the powerful inner circle of her covert community, Emelynn uncovers a conspiracy that threatens to expose the gift and all those who share it.

With no way out, Emelynn must face her worst fears. She forms an alliance with a man she doesn't trust and a family she doesn't know to save those she loves . . . and she must do it alone.

### Praise for The Gift: Redemption

"There is something in JP Mclean's series that I haven't found in many other books of this genre: it's original, it's plausible, it's intelligent. No cliches, no stereotypes, no romanticized love stories ... But that's not all and hopefully, after I read the last book in the series, I'll be able to fully explain this beautiful reading experience."

—J.F. Kaufmann, Author of *The Langaer Chronicles*

"How can [J.P. McLean] turn a 'serious history writer' like me into a fan of her fantasy? I don't know. But she gets you. What an imagination! ... Deserves at least 6 stars! J.P. McLean has outdone herself. It was with me day and night. The Gift series was to me and is a gift to many readers wanting to escape an ordinary life."

—Giselle Roeder, Author of *We Don't Talk About That*
