

The Gift Legacy is a contemporary fantasy thriller set on the coast of British Columbia. It's the story of Emelynn Taylor, a young woman learning to live with a mistake she made when she was child. That mistake was accepting a gift from a stranger, and it would haunt her for years. In the Gift Legacy, Emelynn tests the theory that what doesn't kill you makes you stronger.

In *Awakening*, Emelynn returns to her childhood home on the West Coast, intent on learning to control the gift that had become a debilitating burden. Along the way, she discovers a community who share the gift; a man who takes her breath away; and enemies who hide in plain sight.

In *Revelation*, Emelynn discovers an ancient book that unlocks a connection to her past she never imagined: a connection that thrusts her into the heart of a struggle between an evil she knows and one she's about to meet.

In *Redemption*, Emelynn comes face to face with the thugs who call themselves Redeemers. To stop them, Emelynn is forced to form an alliance with a man she doesn't trust and a family she doesn't know.

In *Penance*, Emelynn must deal with the aftermath of choosing a man's life over the secret of the gift. In exposing the gift, she drew the attention of the wrong people. And all they want in exchange for protecting the secret are Emelynn's services. With a new job, a new handler and no choice, Emelynn goes undercover to unravel a dangerous drug ring. She soon finds herself in a deadly game of cat and mouse in which she breaks all the rules.

Betrayal is *Awakening* redux in Jackson Delaney's voice. When Jackson Delaney learns that his wife betrayed him for his half-brother, nothing less than revenge will quench the fire in his soul. But first he has to find them. Jackson dives headlong into a search that will test his character and break the laws of two worlds. Betrayal careens on a high-speed chase, from the gentile character of New Orleans to the rugged beauty of the North American west coast. And when Jackson meets Emelynn Taylor, a mysterious young woman with no knowledge of her arcane and powerful gift, he recklessly lures her into his vengeful mission. But nothing is what it seems, and from a single deception grows a web of strangling lies.
